

# Twisted Float Side Knit Scarf

*A simple scarf worked side to side, with just enough color changing to make it an interesting knit!*

## Materials

1 size US 10-1/2 / 6.5mm circular needle.

Red Heart Classic, 3.5oz, 100gr skein  
(or any washable worsted weight yarn)

1 skein Grenadine (Color A)

1 skein Nickel (Color B)

*Note: The scarf is worked by holding two strands of the same color together, one from the center and one from the outside of each skein to create*

2/C Chevron Pattern, WS

*Note: 2 strands of each color were held together*

*a bulky weight yarn. A single strand of bulky would work well, too!*

## Pattern Information

The interesting Chevron Pattern is created by working 2 sts in A, then 2 sts in B, bringing the new yarn *over* the current yarn for half of the stitches, then bringing the new yarn *under* the current yarn. In future rows reverse this process to form the chevrons.

In honor of Caribou Coffee's roastmaster Amy Erickson, who lost her fight with Breast Cancer in 1995, Caribou Coffee donates 10% of all Amy's Blend products to [Cancer Care](#).

For each use of the hashtag [#CaribouKnits](#) an inch will be knit on a scarf as a gift to a person suffering with Breast Cancer.

I designed this pattern as part of the [#CaribouKnits](#) hashtag campaign.

Use this free pattern to knit up a scarf for a friend who could use a little warmth! *And knit one for yourself, you'll enjoy all of the great compliments!*

# Twisted Float Side Knit Scarf

## To Start

With 2 strands of worsted weight yarn held together (or 1 strand of bulky yarn) in Color B, cast on 100 sts.

## Row 1

Preparation: With color A, knit 2, release A and allow the yarn to drop,

Step 1: Bring color B *over* color A and with B, knit 2. Allow B yarn to drop.

Step 2: Bring color A *over* color of B and with A, k2. Allow A yarn to drop.

Repeat steps 1 & 2 until 50 sts have been worked, your yarns will be twisted but **DO NOT UNTWIST THEM!** They'll automatically untwist in the next half of this row.

Step 3: Bring color B *under* color A and with B, knit 2. Allow B yarn to drop.

Step 4: Bring color A *under* color of B and with A, k2. Allow A yarn to drop.

Repeat steps 3 & 4 until the remaining 50 sts have been worked, the strands of yarn should be untwisted at the end of the row.

## Row 2

Repeat Row 1.

## Row 3

Repeat steps 3 & 4 over the first 50 sts in the scarf. Your strands will be twisted. Over the last 50 sts in the row repeat steps 1 & 2, thus untwisting your strands.

## Row 4

Repeat Row 3.

## Rows 5 & 6

With A, knit all sts (creating 2 rows of garter)

## Rows 7 & 8

With B, knit all sts (creating 2 rows of garter)

Repeat rows 1-8 twice more (*three times total, 24 rows*) then work rows 1-4 once (*total 28 rows total in the scarf*)

Bind off all sts loosely with Color B.

## Finishing

Weave in ends and wear!

Now you have a cool scarf that's easy to knit and looks great on both sides.

AND you've mistressed a really fun technique that will mystify and amaze your knitting friends (*until they figure out how easy this technique actually is!*)
